Attachment A

On or about November 7, 2017, Special Agents with McAllen Drug Enforcement Administration (DEA) received information from a cooperating defendant (CD#1) that in April of 2017, a load of approximately 10 kilograms of cocaine, which were destined for the State of North Carolina had been seized by law enforcement authorities in the State of Alabama. CD#1 identified TAVAREZ as an individual who assisted in the local transportation of the cocaine prior to it leaving the Rio Grande Valley.

On January 18, 2018, Special Agent (SA) Alfonso Perez, Jr. and Task Force Officer (TFO) Gilberto M. Vazaldua conducted an interview of Jorge TAVAREZ, hereinafter referred to as TAVAREZ. TAVAREZ stated that on or about April 2017, he was instructed to drive to a warehouse located on north Highway 281 and Owassa Rd. in Edinburg, Texas. TAVAREZ stated that once at the warehouse, he was given a cardboard box, which contained approximately 10 kilograms of cocaine and was instructed to transport the cocaine to a male subject, who resides in Mission, Texas. TAVAREZ told agents that after taking the cocaine to the residence, TAVAREZ left. TAVAREZ told agents that several days later, he was contacted and told that the cocaine had been seized by authorities in Alabama. TAVAREZ was provided documentation purported to document that the load had been seized.

SAs received a copy of the paperwork purported to document the cocaine seizure. The documentation was analyzed and determined to be fraudulent.
